Subject: Parking along 6th and Connecticut

Dear Mr. Woosley,

I did indeed call about parking on the 600 block of Connecticut. I have been concerned for some time about parking being allowed on both sides of our block. Many times it is almost impossible to drive out of our alley and turn south on Ct Street because the street is narrow and if there are cars parked on both sides of the street, there is barely room to make the corner. The fact that some of our neighbors usually park with the back half of their cars hanging out over the alley only exacerbates the problem. If parking was not allowed on the East side of the block from the dead end to the other side of Dale and Ron's driveway to the south, I think it would solve the problem. Parking doesn't need to be prohibited any further than that. I would very much appreciate your consideration of this problem.

Sincerely,

Christy Brandt
621 Connecticut
