

2-23-06

Hi Michele,

I apologize for not getting back to you sooner.

The Independence Inc. Board voted to unanimously support the proposed downzoning of our property. The vote was taken at our Thursday evening meeting, Feb. 16th, 06.

We noted that we were giving up any dreams of an animal husbandry operation, allowable in our former zoning. Ah, life's lost opportunities.

The Board also requested that I convey the whole hearted support of Independence Inc. for the Rails to Trails project. The trail benefits all of us but especially people who have a disability. It offers a wonderful, accessible place to exercise outdoors.

Thanks to you for all the work you have put in on this (and will continue to put in).

Yours in accessibility,

KT Walsh, Vice President
Independence Inc. Board
