We the undersigned property owners, business owners and/or residents of Brook Creek Neighborhood, Barker Neighborhood and adjoining neighborhoods urge the City Commission initiate rezoning of the Salvation Army site at Haskell Ave. & Lynn St. to "Office Zone" (O-1), as called for in the Burroughs Creek Corridor Plan. Please rezone the property before the New City Zoning Code takes effect.

Also, we urge this rezoning take place before any new site plan is granted, and that any site plan approval be deferred until after the New City Zoning Code takes effect.

While a facility with a church, offices, gym, and live-in rehabilitation may be acceptable, we object to any homeless transient shelter or community meal program being allowed there. These two uses will attract vagrants to our neighborhood, with the likelihood of trespass and inappropriate use of our parks.

Rezone the Salvation Army BEFORE approving a site plan

We the undersigned property owners, business owners and/or residents of Brook Creek Neighborhood, Barker Neighborhood and adjoining neighborhoods urge the City Commission initiate rezoning of the Salvation Army site at Haskell Ave. & Lynn St. to "Office Zone" (O-1), as called for in the Burroughs Creek Corridor Plan. Please rezone the property before the New City Zoning Code takes effect.

Also, we urge this rezoning take place before any new site plan is granted, and that any site plan approval be deferred until after the New City Zoning Code takes effect.

While a facility with a church, offices, gym, and live-in rehabilitation may be acceptable, we object to any homeless transient shelter or community meal program being allowed there. These two uses will attract vagrants to our neighborhood, with the likelihood of trespass and inappropriate use of our parks.

These two uses will attract vagrants to our neighborhood, with the likelihood of trespass and inappropriate use of our parks.

Whatever the Salvation Army does there, we want the same right of the Use Permit process that the Oread Neighborhood and the Downtown Neighborhood have with the Lawrence Community Shelter. Two years ago, we were denied the standard UPR process because of a loophole. Our neighborhoods deserve the same right that the Salvation Army comply to conditional uses, and periodic review of those conditions. Please close the Use Permit loophole by rezoning now and deferring site plan approval.
