Re: Baldwin Creek Sewer Station #48 851 N. Folks Rd. Lawrence.

Mr. Mike Hafling:

Per your request below is a break down of the charges for construction of the two (2) underground electric distribution lines to serve the new Baldwin Creek Sewer Station #48. These charges represent the cost to construct both the main feed (North 1800 Rd.) And the backup feed (East from Monterey Bluffs) along the routes provided to us by you.

North Feed (Main feed) : total cost \$80,117.23
Credit to customer for anticipated load:\$57,287.35
Customer charge: \$22,829.88

East Feed (Back up): total cost \$78,827.00
Customer Charge: \$78,827.00

Total Payment due: \$101,656.88

Westar will provide all primary conductor 3-#2 cable in-duct direct burial, all junction cabinets, 2-1500kva 277/480v padmount transformers, CT metering on transformers,

→ Customer shall provide all recorded utility easements, easement clearing, trenching, back fill, concrete, boring, 2-6" conduit for each road crossings, concrete pads for transformers, AB3 rock for jct cabinet leveling, secondary conductors and conduits.

If you have any questions, please call me at 785.865.4857

Sincerely,

Kenneth E. Brumley
