President
Lawrence Freenet, Inc.
P.O. Box 3532
Lawrence, KS 66046

Dear Mr. Mansfield,

As one of Lawrence Freenet's first customers CLO has benefited greatly from the services that they provided us.

Lawrence Freenet was able to give us a complete networking solution to a nagging problem with one of our remote offices. They were able to decrease our monthly cost by \$1,000, while increasing our bandwidth significantly. Ever since that first successful endeavor we have relied on them with other projects and we have been very happy with the results.

Being a non-profit community based organization, money is always tight. We enjoy the relationship we have built with Lawrence Freenet and their ability to bring us cost effective cutting edge smart solutions while providing the reliability and customer service we need.

I was very pleased to read that their projects have progressed so well and please let others within the community know that Lawrence Freenet has my complete support.

Sincerely,

Matthew Kuzinski
Director of Technology
Community Living Opportunities

Dear Mr. Mansfield,

As a group that has benefited from the service that Lawrence Freenet provides, we were very happy to hear that your project is progressing so well.

Though our mission as organizations are quite different, broadband internet access is a key component of any modern organization; as such the service you provide has been very helpful to our staff and the members of our community we serve.

As you project progresses, please keep our best wishes in mind and let users within the community know that you have our full support.

Sincerely,

A handwritten signature in dark ink, appearing to read "Jean Lilley". The signature is fluid and cursive, written over the printed name.
