Charles F. Soules  
Director of Public Works  
P.O. Box 708  
Lawrence, Kansas 66044

Dear Mr. Soules:

I want to inform you that your requests for an Economic Development project on K-10, at the intersection with Franklin Road, and a Geometric Improvement project on 6<sup>th</sup> Street, from Monterey Way to Folks Road, were not selected for the fiscal year 2010 program. The number of requests received for projects far exceeded the number that could be completed with available funds. Your interest in the program is appreciated.

For your information, the projects that have been recommended for approval are: Manhattan, Nortonville, Rossville, Wabaunsee County, Beloit, Washington, Goodland, Rooks County, WaKeeney, Burlington, Neosho County, Franklin County, El Dorado, Pratt, Wellington, Fowler, Garden City, Leoti and Seward County. These projects utilized an estimated total of nearly \$12 million of KDOT funds.

Sincerely,

Melinda J. Desch, P.E.  
Program Management Engineer
