

# Dog Park Updates! Volunteers Needed!

Due to popularity, the Dog Park will be adding a few features, an access trail down to the Wakarusa River (Phase 1) and a connecting trail through the wooded area adjacent to the river (Phase 2). Through a partnership with the City of Lawrence's Parks & Recreation Department, Corps of Engineers, Kansas Trails Council & StreamLink, materials will be provided for the upgrading.

**We are needing volunteers to help build trails and clear brush. Our first official work day is Saturday, March 3 at 1:30.** We will be meeting where the yellow rectangle is below, which is east of the dam and where the access road begins.

**Please call StreamLink at 785-840-0700 or email: [streamlink@streamlink.org](mailto:streamlink@streamlink.org) for more information. Refreshments provided.**
