Subject: Request for no parking close to school crosswalk

David,

I am requesting a review and recommendation from the Traffic Safety Commission. We have about 50 Quail Run Elementary School children who cross at the Oak Tree painted crosswalk in the mornings and afternoons. We have a Quail Run staff member who assists the children in crossing safely. We do not stop traffic but do watch traffic and let children know when they can cross safely. However, particularly in the afternoons at 3:45 PM (2:15 PM on Wednesdays), cars park on the west side of Oak Tree and close to the crosswalk. This restricts the vision of the staff member and children.

Would the Traffic Safety Commission please recommend a "no parking" area from 3:30-4 PM (Monday, Tuesday, Thursday, Friday) and 2-2:30 PM (Wednesdays), on the west side of Oak Tree close to the crosswalk? Thank you for your consideration.
