RE: ITEM NO. 2: RS10 TO GPI, NORTH OF NW CORNER OF 6TH & STONERIDGE DRIVE

Dear Chairperson Krebs and Planning Commissioners:

Because the proposed water tower will be in a very exposed location surrounded by residential uses, we believe that it would be helpful for the site plan, even though administratively approved, to show a three-dimensional diagram of the proposed design.

We suggest that all site plans, regardless of their zoning, should include three-dimensional renderings of the proposals when representing new buildings or structures for approval.

Sincerely yours,

Paula Schumacher, President

Caleb Morse, Member
Land Use Committee
