**RE: Institute of Transportation Engineers Delegation to the 2007 National Committee on Uniform Traffic Control Devices**

Dear David,

It is my pleasure to appoint you to serve as an Associate Member of the Institute's delegation to the National Committee on Uniform Traffic Control Devices. This appointment will be effective at the beginning of the June 2007 NCUTCD meeting. This term will end after the January 2010 meeting. Appointments to the Institute's delegation will be reviewed on a periodic basis and revisions will be made as appropriate.

As an ITE member, you have clearly demonstrated a personal interest in advancing the Institute's programs. Your service over the years has helped ITE grow and become recognized as the 'organization of choice' among transportation professionals. Once again, I thank you for volunteering your time and energy, and I urge you to accept this appointment. Enclosed is a listing of the other members of the delegation.

In your role as an Associate Member of ITE delegation, I seek your counsel on programs and services that you feel the Institute should be undertaking or enhancing. If there are emerging issues that you feel need to be addressed, please feel free to contact me at any time throughout the year.

Dedicated volunteers like you make the Institute's many programs work effectively. Thank you for continuing your commitment to ITE, and I look forward to receiving your positive response.

Very truly yours,

Earl Newman, PTOE  
International President-elect
