Dear Mr. Sloan:

The Lawrence City Commission will be considering a rate increase ordinance at their July 24, 2007 meeting. The recommended rate for wholesale water customers will increase from \$2.47/1000 gallons to \$2.80/1000 gallons in 2008. This recommendation is based on the *Black & Veatch Report on Revenue Requirements, Costs of Service, and Rates for Water and Wastewater Service*, analyses of the projected costs of services, updated project timing and cost estimates, and recent consultations with Black & Veatch staff. The rate ordinance would be effective on or about November 15, 2007, to provide for billings that take place beginning January 1, 2008.

Please let me know if you have any questions.

Sincerely,

  
Dave Wagner
