Traffic Commission

From: Nancy DeGarmo
Principal
New York Elementary
939 New York Street
Lawrence, Kansas

I am writing to request that 1-2 spaces on New York Street in front of New York Elementary be designated as Handicapped Parking.

In the fall of 2006 the front entrance was remodel to be our handicapped accessible entrance. We have a ramp and a push button door at this entrance. All other entrances are locked during the school day.

With this change the handicapped parking that is designated at the back of the building is no longer convenient to this entrance.

I am proposing that one or two places on the east side of New York Street in the 900 block be designated **'Handicapped Parking'**. Since there is already a curb cut driveway on the south end of the block, I would suggest this be the area used.

If you have questions or would like me to show you where I am thinking this should be located, please call.

Thank you for your consideration of this matter.

Sincerely,
Nancy DeGarmo
