DESCRIPTION OF WORK

\$ 29,777.00

This proposal is to install a new wet pipe fire sprinkler system to protect the interior of this existing wood frame, 3 level, multiuse facility. We will be tying onto a new underground fire main, to be installed by others, in the basement of this facility and then installing new piping & heads to protect the basement, first floor, first floor mezzanine, and second floor apartment. All materials and their installation will be per NFPA-13. This location is currently unoccupied except for an office which occupies 1/2 of the basement and the second floor apartment. This proposal is to install this system with all other areas being unoccupied. The office areas and the second floor apartment finishes, furnishings, equipment, etc. will need to be protected and/or relocated, by others, during the installation in these areas. Our approximate start date will be 4-6 weeks after receipt of "notice to proceed".

Bonds Included ?	<input type="checkbox"/> YES	<input checked="" type="checkbox"/> NO	Backflow Preventer Included?	<input checked="" type="checkbox"/> YES	<input type="checkbox"/> NO
Sales Tax Included ?	<input checked="" type="checkbox"/> YES	<input type="checkbox"/> NO	Shop Drawings Included ?	<input checked="" type="checkbox"/> YES	<input type="checkbox"/> NO
Visited job-site ?	<input checked="" type="checkbox"/> YES	<input type="checkbox"/> NO	Hydraulic Calculations Included ?	<input checked="" type="checkbox"/> YES	<input type="checkbox"/> NO
Scope Letter Included ?	<input type="checkbox"/> YES	<input checked="" type="checkbox"/> NO	Underground Included ?	<input type="checkbox"/> YES	<input checked="" type="checkbox"/> NO
Alarm Wiring Included?	<input type="checkbox"/> YES	<input checked="" type="checkbox"/> NO	Painting/Marking Pipe Included ?	<input type="checkbox"/> YES	<input checked="" type="checkbox"/> NO

Pre-Installation of hangers before structural fire proofing included ? ☐ YES ☒ NO
Patching of fire proofing for hanger installation included ? ☐ YES ☒ NO

EXCLUSIONS, QUALIFICATIONS, OR OTHER CLARIFICATIONS:

Fire sprinkler system alarm devices will be installed, ready to be wired to the fire alarm system by others.

No underground fire main installation, materials, testing, flushing, etc. is included.

No protection for any exterior, attic, combustible concealed, or any other interstitial or freezable areas is included

No concealment of any piping behind existing walls or above existing ceilings.

Thank you for allowing **Rueschhoff Security Systems** to provide you with the following Fire Alarm proposal.

Materials:

- 1- 4 zone Silent Knight Fire Panel
- 7- 2WT-B System Sensor Smoke Detectors
- 2- 601 Heat Detectors
- 3- P1224MC 15/75 Horn Strobes
- 1- P1224MCK outdoor Horn Strobe

The price for the Fire Alarm install would be \$3,003.00 dollars plus tax if applicable. If you have any questions please contact Heath at 843-2182.

OPTION:

For conduit it will be an additional \$700.00 dollars for time and material.

Rueschhoff Security Systems is a 30 year old, locally owned, security, fire and access control system installing and monitoring Company. We offer 24 hour service, and the only **local monitored service** available.

Thank you once again for calling us to discuss your Fire Alarm needs.

Best regards,

Heath Cummings
