Dear Mr. Soules: *Chuck*

I am pleased to announce that your proposed KLINK Resurfacing project from Haskell Avenue to the East City Limits on 23rd Street (K-10) has been selected for funding and will be included in the Kansas Department of Transportation (KDOT) City Connecting Links "KLINK" Resurfacing Program.

Over the past five years, 121 projects totaling nearly \$36 million have been initiated through this program. KDOT has funded approximately \$17 million in improvements with the local governments funding \$19 million. These improvements couldn't have happened without local partners and KDOT working together.

Your project has been programmed for FY 2010, and KDOT's Bureau of Local Projects will be contacting you regarding the process to get it underway. Please see the attached letter for further details regarding your project's funding. We appreciate your application to the Local Partnership Program. By combining resources, KDOT and you, our local partners, are making a difference in improving the State's transportation system.

Sincerely,

Deb Miller
Secretary of Transportation
