

Reductions to Current Employment Statistics Metropolitan Area Series

Beginning with the March 11 release of January 2008 data, BLS will discontinue publication of all metropolitan area hours and earnings series from the establishment survey. In addition, all nonfarm employment series for 65 small metropolitan areas will be discontinued; the areas are listed below. These cutbacks are being implemented to accommodate a reduction in funding to the BLS that resulted from The 2008 Consolidated Appropriations Act enacted on December 26, 2007. For further information on the broader BLS-wide impact of the 2008 Consolidated Appropriations Act, see [Impact of the 2008 Federal Budget on the Availability and Quality of Data from the Bureau of Labor Statistics](#).
