Michael Dever, Mayor
Lawrence City Commissioners
City Hall
Lawrence, Kansas 66044

Dear Mayor Dever and City Commissioners:

We live next to the University Park Development and are unable to attend the Tuesday meeting where you are considering the zoning and plan because we are out of town. We are afraid that if the zoning and plan are not conditioned as Bob and Bety Lichtwardt proposed, that the developer will get into financial trouble and be unable to develop the area as he has planned and promised. With the housing economy in the state that it is, there is a serious possibility. Please, condition this zoning or not pass it altogether.

Susan Brosseau
