Green Energy Gateway Fuel Station Grand Opening Event

Monday, June 30, 2008

Zarco 66 Earth Friendly Fuels

900 Iowa St., Lawrence, KS 66044

10:00 a.m. Speakers

Sam Brownback, U.S. Senator, Kansas (invited)

Pat Roberts, U.S. Senator, Kansas (invited)

John Askew, Regional Administrator, EPA Region 7

Adrian Polansky, Secretary, Kansas Dept. of Agriculture

10:30 a.m. Media Availability Session and Project Displays

- The station is being designed under a public-private partnership as a demonstration project to showcase various energy technologies and feature sustainability elements on site. EPA intends to evaluate the energy and pollution reduction benefits of the project to develop a framework for other fuel stations that wish to “go green”.
- Project participants include: EPA Region 7, University of Kansas, Kansas Dept. of Health and Environment, Kansas Dept. of Agriculture, Kansas Dept. of Revenue, Kansas Dept. of Commerce, Kansas Soybean Commission, Kansas Corn Growers, U.S. Dept. of Energy's Office of Energy Efficiency and Renewable Energy in Kansas, Petroleum Marketers and Convenience Store Association of Kansas, and Zarco 66 Earth Friendly Fuels.
