Dear Dave,

The producers of an independent film titled "earthwork" have approached DLI about their need to shoot several scenes downtown that would require closing Massachusetts Street for a period of time. On behalf of the board, I wish to express our support of their request. We believe that the film will portray Downtown Lawrence in a very positive light and the benefits of this exposure outweigh the inconvenience to our members.

We are excited about the aspect of being part of this film depicting Stan Herd's life and work and look forward to working with the producers to minimize the impact on both foot and auto traffic. Please let me know if you need any further information from us.

Sincerely,

Dan Hughes
President
