

NORTH LAWRENCE IMPROVEMENT ASSOCIATION

LAWRENCE, KANSAS

RECEIVED

MAY 05 2009

**CITY MANAGERS OFFICE
LAWRENCE, KS**

April 15, 2009

City Commission,

The North Lawrence residents and North Lawrence Improvement Association would like to have a sign placed that indicates a "T" intersection at 8th and Ash Street. Residents at this location have had cars in the ditch in front of their homes late at night. This traffic is on its way to the boat ramp which is closed at night. Traffic is coming from the bar and club at 508 Locust; these people are impaired and looking for a place to party.

The 2nd request made by residents of the North Lawrence Improvement Association is that there be no parking allowed on the south side of Ash from 8th Street to 100 feet west of there. There is a one ton truck and trailer as well as cars that are parked up the south side of Ash Street blocking the view of the "T" intersection. Ash Street is only 19 feet wide with ditches on both sides. All the residents have off street parking.

Thank You

NLIA President

Ted Boyle
