Re: Replacement of ~~one~~ light pole
on Kasold Drive

Chuck enclosed is a Petition that we discussed during my phone call to you this morning.

Please call me if you need any more information and / or if we need to appear before the Lawrence City Commission.

Sincerely,

A handwritten signature in cursive script, appearing to read "Sam V. Dixon", written over a horizontal line.

encl.

PETITION

We, the undersigned, request that the City of Lawrence, Kansas to replace the light that was removed from the 2000 block of Kasold Drive.

To be specific...it is the one just South of the lighted one standing at Scioto Drive and Kasold Drive.

This light not only provides safety for us during the night hours by lighting up our properties....but also provides visual protection for those traveling that area during darkness.
