John,

Pursuant to our telephone conversation, Community Wireless has agreed to execute the attached Video Service Provider Agreement.

Please send me a final version for Mr. Montgomery's signature.

Thank you for your assistance.

Shon Qualseth

Attached is slightly modified version of the agreement. Section 6 (b), Fees, has been changed to say "upon the City's written request."

Subject: Draft Video Service  
Provider Agreement

My understanding from speaking with Shon this afternoon is that Community Wireless is willing to accept the agreement that the City presented to the City commission last night with the changes that were discussed with the Commission and a reduction in the insurance requirement from 2,000,000 to 1,000,000.

Attached is a draft of the video service provider agreement that reflects that changes in sections 2, 5, 12 and 20 presented to the City Commission last night along with the insurance change in section 20 from 2,000,000 to 1,000,000 requested by Community Wireless. I have also made some formatting changes to the document.

Please review the attached document.

Shon, if this agreement is acceptable would you provide the City a letter indicating that your client agrees to the revised agreement.
