RE: Ordinance 8451; Z-4-6-09, 135 and 137 Pawnee Ave

After a review of the Planning Commission minutes and an additional review of the proposed ordinance the document has been revised and assigned a new ordinance number.

Section 3 of this ordinance has been revised so that the use restrictions are more clearly articulated and provide a more specific reference to the Development Code and the uses listed in Section 20-402.
