Subject: RE: Yard Signs for the Leukemia & Lymphoma Society

Dear Bobbi,

I am writing to request that the City Commission consider allowing the Leukemia & Lymphoma Society to strategically place yard signs around Lawrence on city property.

The signs will be advertising our annual Light The Night Walk that seeks to enlist teams and raise money for cancer patients and research. The walk takes place on Oct. 3 at 6 p.m. at Watson Park.

We would like the signs to be kept up until the walk date. We will then have our volunteers remove the signs the following Monday, Oct 5.

We would like to place signs along 6th street at different intersections including, Wakarusa, Kasold, Alabama, etc. As well as placing signs near and around Watson Park. We would also like to give our sponsorships and vendors the opportunity to place a yard sign in front of their business along Massachusetts.

If the Commission would be willing to consider this at their next meeting, it would be greatly appreciated.

Thank You,

Alexis Price
