We anticipate the Marathon running through our University Heights Neighborhood and enjoy it. I do have one suggestion.

Please instruct organizers NOT to **PAINT** arrows and markings on the sidewalks but to instead use chalk or signs that can be removed afterwards. In the past there have been people pointing the way also, and so permanent markings should not be used. It is detracting afterwards and takes a long time to wear away! Thanks.

James Cook (207-3143), who lives at the Greens at Alvamar, 3700 Clinton Parkway, called today to make comments regarding the Kansas Marathon. Mr. Cook asked that his comments be passed on to the City Commission.

Mr. Cook is strongly against the proposed route of the race. He does not think the race should go down the only access road to his property. He is concerned about his own access, emergency vehicle access, and noise.
