

2010 Comparative Property Tax Burdens For Lawrence Douglas County Health Department

Explanatory Note:

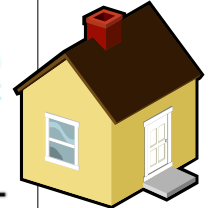

These tax burden calculations are based on 2010 City and County budgeted funds for Health Department operations.

The City pays 40% (\$648,929) and the County pays 60% (\$971,235) of Health Department operations. These figures include only operating costs, and do not include debt service or maintenance on the Community Health Building, which houses other agencies in addition to the Health Department. Residents of the City of Lawrence pay both City and County taxes to support Health Department operations.
