

LETTER OF INTENT

To the Lawrence City Commission,

My name is Oscar Marino and my future business partner is Alejandro Lule. We have been working on a small business plan of a late night food stand to start here in Lawrence and are aware of another party who has already expressed like interest to the Commission to operate a food stand. Mr. Lule owns three restaurants in town and I work for the city. We would like to open the late night food stand here in Lawrence to attract customers attending bars and clubs in the downtown area past 10:00pm. Our idea is to have a self- contained, 16 x 8 concession trailer parked on or about 9th and Mass. or the corner of 10th and Mass. on Thursdays, Fridays, and Saturdays from 9:00pm or 10:00pm to 2:00am. The products we would sell are: hotdogs, polish and Italian sausages, nacho cheese, fries, pop, water, and coffee.

We would ask the City Commission to adjust the amendment to allow our business using the 16'x 8' concession trailer.

Thank you for your consideration.

Sincerely,

Oscar A. Marino
Alejandro Lule
