Total Change = \$5,131.00

Notes:

Per City of Lawrence Index, the per ton price for asphalt pavement changes \$0.50 for every \$10 change in AC price.

- c. Prices quoted for asphalt will be based on the asphalt oil price in effect on the date of the bid. The contractor shall submit with their bid a copy of the asphalt oil supplier's most current pricing information. Hot mix asphalt provided/placed in a subsequent month will be adjusted for each \$10.00 increase/decrease in the price of asphalt oil; each ton of hot mix asphalt will be adjusted (increased/decreased) by \$0.50 per ton. Payment for oil price adjustments will be paid based on tonnage regardless of the method of measurement for in-place pavement.

The following table provides examples of possible adjustments, but does not limit any increases/decreases to only those shown in the table.

Change in Price of Asphalt Oil/Ton	Change/Adjustment in Bid Price of Asphalt/Ton
\$00.00 to \$ 9.99	\$0.00
\$10.00 to \$19.99	\$0.50
\$20.00 to \$29.99	\$1.00
\$30.00 to \$39.99	\$1.50
\$40.00 to \$49.99	\$2.00

Adjustments to payments (increase or decrease) will be made for the applicable completed work. If the working days or calendar completion date for the work (or a specific portion of the work) expires, payments (or deductions) will continue to be applied, but the maximum adjustment for the rest of the project will be the adjustment for the month the contract time expired.

8. Concrete Pavement

- Final measurement will be based on the square yard of the completed and installed item.
- Payment for concrete pavement shall be based on the unit price per square yard as set forth in the Proposal, per the type of pavement and thickness of the installed item. Said price shall include all costs necessary to complete the work including, but not limited to, placing, compacting, saw cutting, milling, doweling, jointing, curing and sealing, as required by the drawings and specifications

9. Temporary Surfacing (Aggregate)

- Final measurement will be based on the tons of the completed and installed item.
- Payment for aggregate (crushed stone or gravel) shall be based on the unit price per ton as set forth in the Proposal. Said price shall include all costs necessary to complete the work, including but not limited to,
