

## **Excavated Pipe Survey**

Date & Time

By

Reason for Excavation

Pipe Function (water, sewer gravity, sewer forcemain)

Location (address)

Location (field ties)

Surface (grass, asphalt, concrete, gravel)

GPS Shot (yes/no)

GIS Pipe ID

Diameter

Material

Class

Marker Tape (yes/no)

Tracer Wire (yes/no)

Bedding (yes/no; type)

Backfill (soil, sand, gravel, flowable fill)

Bedding Condition (dry, damp, wet)

Backfill Condition (dry, damp, wet)

Recent Weather (precipitation, temperature)

External Pipe Condition (note corrosion, pitting, integrity of external coating, installation damage)

Internal Pipe Condition (note corrosion, pitting, integrity of lining, installation damage)

Fittings/Tap Condition (note corrosion, pitting, integrity of external coating, installation damage)

Coupon or Sample Removed for Inspection (note corrosion, pitting, integrity of external coating, installation damage)

Condition of Other Utility or Service Lines Exposed
