Subject: Plastikon Industries

Dear City Commissioners,

I am writing to voice my support for adding jobs to Lawrence. And you have a wonderful opportunity to do just that with Plastikon Industries. Plastikon Industries will offer good paying jobs for residents of our community. We constantly talk about how we can attract jobs and what issues are important to companies. What could be better than training our citizens to be good workers for a company that is willing to invest in our community? Employee training incentives for Plastikon is a perfect way to say "We are delighted you want to be a part of our community. Welcome!"

Please support the process necessary to move this project forward.
