Subject: request for item on city commission agenda

Dear City of Lawrence,

Upon behalf of the University Place Neighborhood Association, I wish to request that a particular item be placed on the city commission's agenda for the meeting being held on Tuesday, November 23. The item relates to recently provided sidewalks along 18th Street between Vermont Street and Tennessee Street and along Ohio Street between 18th Street and 19th Street. The University Place Neighborhood Association wishes to thank the city commission and praise the services provided by Shoeb Uddin and David Woosley. I look forward to hearing from you regarding my request.

Gratefully yours,
Dietrich Earnhart
