Subject: Follow up email regarding allowing a walkthrough inspection for City Commissioners

Scott: this is a follow up email to my March 4, 2011 letter appealing the HRC decision denying the demolition permit and inviting City Commissioners with an opportunity to see firsthand the extent of damage and condition of 711 Connecticut. This property also continues to be a location that the homeless continues to use for shelter and cause major damage.

Additionally, I will be forwarding an inspection report from a structural engineer and a termite inspection report. The structure is in danger of collapsing and there is evidence of termite infestation. I'm still awaiting the final report on the termite damage, but I expect to receive it later today.

If any of the elected officials would like to walkthrough the structure please let me know so that I can open the property and be on site during any inspection. I also would need them to sign a waiver of liability prior to entering the structure.

Thanks,
Michael
