Subject	Library Plans
Comments	<p>Dear City Commissioners, I recently noted that you will be discussing the plans for the new Lawrence Public Library. Although I am an avid supporter of the new library, I do not feel like the proposed plan for the building is very attractive.</p> <p>Because one of the greatest features of our downtown are the historic buildings,</p> <p>I think that a more traditional brick design that blends in with the rest of the downtown architecture would be better.</p> <p>I would prefer to see some other design options which the public could vote on.</p>
