November 21, 2011

Dear Stakeholder,

The Lawrence City Commission initiated a text amendment to the *Land Development Code* to explore creating a new, medium intensity, industrial zoning district. The Lawrence-Douglas County Planning Office is working to draft the district, its regulations, and potentially changing a few of the existing uses in the IL (Limited Industrial) or IG (General Industrial) Districts.

A meeting to review and comment on the draft industrial district and other potential industrial district changes is set for **Thursday, December 15th at 4:00 p.m. in the City Commission Room**, 1st Floor, Lawrence City Hall, 6 E. 6th Street in Lawrence.

You are being notified of this meeting because you either own property that is currently zoned IL (Limited Industrial) or IG (General Industrial) District, or your property is identified for a future industrial use in an approved sector or area plan. As a stakeholder, your input is very important to the planning process.

Visit our website at http://www.lawrenceks.org/pds/pc_agendas_minutes, and view the November Planning Commission packet, item 4, or contact the Planning Office for information regarding the draft language. If you have any questions or comments regarding this matter, please contact me by phone at 785-832-3163 or by email at mleininger@lawrenceks.org.

Sincerely,

Michelle Leininger, AICP
Area/Neighborhood Planner
