Dear Aron,

An unimproved double lot on the south side of the 1500 block of 21st Terrace is currently available for sale. I request that the City acquire this lot and use it to create a pocket park. Please consider using benefit district financing to make this a feasible project. Commissioner Mike Amyx has discussed this issue with me and I appreciate his guidance, since there are no parks in the Schwegler Neighborhood and this is a great opportunity.

Sincerely,
Stuart Boley
