

SUMMER CONCERT SERIES DRAWING CROWDS

The Lawrence Parks and Recreation Department's *Summer Concert Series* is off to a very successful start this summer. The series has attracted large crowds to hear the Lawrence City Band perform. The eight concerts are held each Wednesday at the William Kelly Bandstand in South Park. The first concert was rained out, but despite the weather, a standing room only crowd filled room 130 in Murphy hall on the campus of The University of Kansas. The City Band's annual 4th of July concert will be held on Tuesday, July 3 instead of their regular Wednesday night performances.
