

PLANNING COMMISSION REPORT
Regular Agenda -- Public Hearing Item

PC Staff Report
10/22/12

**ITEM NO. 6 TEXT AMENDMENT TO THE LAND DEVELOPMENT CODE; RECYCLE
PROCESSING CENTER USE (MJL)**

TA-12-00183: Consider text amendments to the City of Lawrence Land Development Code, Chapter 20, Article 4 to change the Processing Center use (in the Recycling Facilities category) from permitted to permitted with a Special Use Permit in the IL (Limited Industrial) District. *Initiated by City Commission on 8/28/12.*

RECOMMENDATION: Staff recommends that the Planning Commission forward a recommendation for approval of the proposed amendments TA-12-00183 to Section 20-403 of the Land Development Code to the City Commission.

Reason for Request: To create a continuum of the use in the industrial districts. Currently it is permitted in the IL (Limited Industrial), permitted with a Special Use Permit in the IM (Medium Industrial), and permitted in the IG (General Industrial) Districts.

RELEVANT GOLDEN FACTOR:

- The change is consistent with the goals of the comprehensive plan.

PUBLIC COMMENT RECEIVED PRIOR TO PRINTING

- None

OVERVIEW OF PROPOSED AMENDMENT

In 2011 the City Commission directed staff to create a new industrial district that would fall intensity-wise between the IL District and the IG District. Staff initially proposed the IM District with changes to the IL and IG Districts in order to create a continuum across the districts in regard to allowed uses that are more intense being permitted less in the IL District and more in the IG District. As part of the process, staff was directed to only create the new IM District and not make changes to the IL and IG Districts. This created situations where uses were permitted in the less intense district, not permitted or permitted with a SUP in the middle district and then again in the intensive district. This is the case in the Processing Center use in the Recycling Facilities category in the Nonresidential use table. The use is permitted by right in IL, a SUP is required in IM and is permitted right in IG. The City Commission has directed staff to create the continuum by changing the permitted in the IL District to a SUP. Since the IL District is a less intensive district and can be used as a buffer between residential districts and more intensive industrial districts, the SUP process allows for more flexibility to address possible negative implications of the use when proposed near a lesser intensive district.

CONFORMANCE WITH THE COMPREHENSIVE PLAN

The general goals of the comprehensive plan are to protect the public health, safety and welfare of the residents of the community. Additionally, the plan goals discuss development that is compatible with its surroundings and the community. By requiring a SUP, for the Recycle Processing Center use, the City Commission has the ability to address site issues and potential negative externalities of a proposal.

CRITERIA FOR REVIEW AND DECISION-MAKING

Section 20-1302(f) provides review and decision-making criteria on proposed text amendments. It states that review bodies shall consider at least the following factors:

- 1) **Whether the proposed text amendment corrects an error or inconsistency in the Development Code or meets the challenge of a changing condition; and**

The proposed text amendment corrects an inconsistency in the code regarding having the lesser intense district permit the use by right, the middle intensive district requires a SUP and the most intense district permit by right. The uses should be permitted with a continuum as the intensity of the district increases.

- 2) **Whether the proposed text amendment is consistent with the Comprehensive Plan and the stated purpose of this Development Code (Sec. 20-104).**

The proposed text amendment is consistent with the comprehensive plan goals and proposes a means to protect the health, safety and welfare of the citizens of Lawrence. Additionally, the plan speaks to compatibility of development to the surroundings and the pursuit of quality.
