

City of Lawrence,

I am Tim Iwig of Iwig Family Dairy. I am requesting permission to park a mobile market vehicle for the purpose of selling milk and dairy products as well as other farm produce to whomever would be interested in purchasing such items. I would likely be parking my vehicle to sell items a couple weekday afternoons and Saturday afternoon. The North Lawrence Improvement Association through Ted Boyle have already given their support for us to begin this. Please consider our proposal and contact me if you have further questions.

Sincerely, Tim Iwig
