This is my 5th year in lawrence. These are signs made in lawrence by Signs by Design. They are on 2 prong wires in ground and measure about 20" X 15" more or less. If I find I will acquire anything further I will let you know prior to your meeting.

Carol,

Can you provide dimensions for the signs, and perhaps a photo or graphic? I anticipate that your request will be placed on the June 10 City Commission agenda as a consent agenda item.
