Indicate for which Fiscal Year (FY) the application is to be considered, or Emergency

FY 20 16

Fiscal Year runs from July 1 – June 30 (Applications due September 30 of the preceding year)

EMERGENCY.....

Applicant/Sponsor: Lawrence Municipal Airport

Airport Identifier: LWC

Project Category: Design/Planning Modernization Equipment Preservation

Project Description: The west apron at Lawrence Municipal Airport has severe alligator cracking, poor drainage and is in need of full reconstruction. This area is used by several aviation tenants and provides access to the western T-hangar area. Water ponds in many places and during winter conditions ice is prevalent on the apron. Areas that are used for auto parking are not included in this application. The city of Lawrence request funds for reconstruction of portions of the west apron.

Total Project Costs \$ 367,000

We understand that if the project is approved, the Kansas Department of Transportation will participate in the project cost at the rate identified in the Program Guidelines as published on the KDOT Aviation website (<http://www.ksdot.org/divAviation>), not to exceed \$800,000 of state funds (\$1,600,000 for new primary runways; \$1,200,000 for full-depth reconstruction of existing primary runway). The Sponsor will be responsible for letting the contract for bids and supervising construction. Construction engineering is an eligible cost on construction contracts. Design is not an eligible cost except through a separate design grant.

ADDITIONAL INFORMATION

Attach any information or documentation to the application that you wish to be considered in evaluating the request. Such items might include photographs, engineering plans, economic impact statements, in-kind work, local support, situations unique to the project, and benefits derived. These items may be in a narrative form with focus on specifics and avoiding generalities.

It is expected that projects will vary greatly in cost and complexity. Sponsors are encouraged to review the proposed project with the Division of Aviation. Smaller projects may not require engineering or pre-planning that would be required for major runway rehabilitation projects. Sponsors will be responsible for all preliminary engineering and construction activities including plan preparation and letting of a contract. A contractual agreement will be executed between the Sponsor and the Kansas Department of Transportation that encompasses the work to be accomplished.
