

SPECIAL GUESTS VISIT NATURE CENTER
Lawrence Parks and Recreation Department's Prairie Park Nature Center preschool program had some special guests Thanksgiving week.

Dara Wilson, a naturalist at Prairie Park, brought in her pet turkeys to show the children for a seasonal program of the weekly *Wild Adventures for Preschoolers and Parents* class.

Dara's preschool program topic was about what animals eat. Wilson and her husband hand-raised the male and female turkeys on their rural property.

Note: The turkeys were safe and didn't make their way to a table for Thanksgiving dinner.
