Subject: Opening of a bar near my place of worship

Dear Sir or Madam,

I attend Victory Bible Church at 1942 Massachusetts Street. During today's morning worship our pastor read a letter from your office informing us that a business which would be serving alcohol wants to open very near our church.

I am writing to express my vehement opposition to this plan. I do not at all like the idea of such an enterprise being a mere 400 feet from our door.

Therefore, I respectfully request that the city commission not allow such a business in the church neighborhood at this time or at any future time.

Sincerely,
Lorie Collins

Subject: Letter to city commissioners about Hank Charcuterie

Dear City Commissioners,

I support your granting a liquor license to Hank Charcuterie, on your agenda for your upcoming meeting. This business is a good neighbor and I think the addition of a limited selection of beer and wine will enhance their business -- and amenities to the neighborhood in a low impact neighborhood friendly way. Our lots are smaller than average in this part of the Barker Neighborhood and I think an exception to the distance to Victory Bible Church is reasonable in this case.

Sincerely,

Lisa Harris
1540 New Hampshire St
