

Meeting to provide information and receive public comment regarding traffic concerns along Bob Billings Parkway with the impending completion of the KDOT K-10/Bob Billings Parkway interchange project in December 2015. The city has budgeted \$2.25M in 2016 for a corridor project to improve safety with intersection sight distance, access control, and pavement maintenance.

The meeting will also provide an update on three public improvement projects for construction in Summer 2015:

- Reconstruction of Bob Billings Parkway from Wakarusa to Foxfire
- Traffic signal and intersection improvements at Bob Billings Parkway & George Williams Way
- Installation of left turn lane at Corpus Christi Church

**Bob Billings Parkway  
Corridor Project  
Kasold Drive to K-10  
Public Meeting  
7:00PM - 8:30PM**

**Wednesday, April 15, 2015  
Langston Hughes Elementary  
1101 George Williams Way**

For more information or questions on these projects please contact: Dave Cronin [dcronin@lawrenceks.org](mailto:dcronin@lawrenceks.org) or call (785) 832-3130. For more information on 2015 construction projects please visit [www.lawrenceks.org/construction](http://www.lawrenceks.org/construction)

Sincerely,

A handwritten signature in black ink that reads "David P. Cronin". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

David P. Cronin, P.E.  
City Engineer
