Mark,
Email response from Jackie Mickel. Jackie is the Principal at Langston Hughes Elementary.

Will send over the response from Corpus Christi when my contact gets back with me via email.

Thanks,
Ryan

Hi.

You can use the available parking spaces. We will have staff working those days, but not many. Please make sure no one parks on the grass or in the front of the building.

Thanks,

Jackie

Subject: Urban Water Slide

Hi Jackie,

My name is Ryan Robinson and we are planning on an event on the weekend of August 8th-9th in the Langston Hughes neighborhood on the northern part of George Williams Way.

The event is called the Urban Water Slide and essentially it is a 1,000 foot water slide. You can see video clips of the event here: www.urbanslide.com

The reason for my email is that depending on the amount of participants...we would like to use the Langston Hughes parking lot as support parking for the event. I am seeing if that would be a problem or if there are any steps that we need to take in order for it not to be a problem.

We think that most participants will be families within the surrounding neighborhoods and we hope that most participants walk to the event...but want to be prepared in case we have an overflow of parking needs.

- None of our event will actually be on Langston Hughes Property...however we did want to inform you that the event was happening. You will also receive a notification from the City shortly but I wanted to reach out personally prior to the official notification.

Please contact me directly if you have any questions,
Thanks,
Ryan Robinson
