Subject: 1410 Kasold Dr. Liquor Store

Dear City Clerk and to whom it may concern,

It's recently come to my attention that a liquor store is opening up at 1410 Kasold Dr. I would like to voice my protest to this because it is neighbors not only to my church but a church right across the street and a girls scout camp right across the street also. It looks like according to Kansas Law that a liquor store can not be this close to a school and church. I dont want my kids getting run over by drunks when they are walking home.

Sincerely,

Luke

church
