Re: 12/6/16 Consent Agenda Item 16 downzoning in East Lawrence

Dear City Commissioners:

The East Lawrence Neighborhood Association is happy to see that the East Lawrence downzoning project north of 9<sup>th</sup> street is moving forward. Having the zoning reflect current use will give owners of properties and residents within these environs a better picture of the future, and will encourage stability and investment into the impacted properties and surrounding environs.

Thank you for the opportunity to participate,

The Board of the East Lawrence Neighborhood Association
