1. **Secretary Authorization.** The Project shall be undertaken, prosecuted and completed for and on behalf of the City by the Secretary acting in all things as its agent, and the City hereby constitutes and appoints the Secretary as its agent, and all things hereinafter done by the Secretary in connection with the Project are hereby by the City authorized, adopted, ratified and confirmed to the same extent and with the same effect as though done directly by the City acting in its own individual corporate capacity instead of by its agent. The Secretary is authorized by the City to take such steps as are deemed by the Secretary to be necessary or advisable for the purpose of securing the benefits of the current Federal-Aid Transportation Act for this Project.

2. **Legal Authority.** The City agrees to adopt all necessary ordinances and/or resolutions and to take such administrative or legal steps as may be required to give full effect to the terms of this Agreement.

This third party beneficiary status is for the limited purpose of seeking payment or reimbursement for damages and costs the Secretary or the City or both incurred or will incur because the Consultant failed to comply with its contract obligations under this Agreement or because of the Consultant’s negligent acts, errors, or omissions. Nothing in this provision precludes the City from seeking recovery or settling any dispute with the Consultant as long as such settlement does not restrict the Secretary’s right to payment or reimbursement.”

7. **Responsibility for Adequacy of Design.** The City shall be responsible for and require any Consultant retained by it to be responsible for the adequacy and accuracy of the Design Plans for the Project. Any review of these items performed by the Secretary or the Secretary’s representatives is not intended to and shall not be construed to be an undertaking of the City’s and its Consultant’s duty to provide adequate and accurate Design Plans for the Project. 10. **Removal of Encroachments.** The City shall initiate and proceed with diligence to remove or require the removal of all Encroachments either on or above the limits of the Right of Way within its jurisdiction as shown on the final Design Plans for this Project. It is further agreed all such Encroachments will be removed before the Project is advertised for Letting; except the Secretary may permit the Project to be advertised for Letting before such Encroachment is fully removed if the Secretary determines the City and the owner of the Encroachment have fully provided for the physical removal of the Encroachment and such removal will be accomplished within a time sufficiently short to present no hindrance or delay to the Construction of the Project.

11. **Future Encroachments.** Except as provided by state and federal laws, the City agrees it will not in the future permit Encroachments upon the Right of Way of the Project, and specifically will require any gas and fuel dispensing pumps erected, moved, or installed along the Project be placed a distance from the Right of Way line no less than the distance permitted by the National Fire Code.

(c) **Time of Relocation.** The City will expeditiously take such steps as are necessary to facilitate the early adjustment of any Utilities, initiate the removal or adjustment of the Utilities, and proceed with reasonable diligence to prosecute this work to completion. The City shall certify to the Secretary on forms supplied by the Secretary that all Utilities required to be moved prior to Construction have either been moved or a date provided by the City as to when, prior to the scheduled Letting and Construction, Utilities will be moved. The City shall move or adjust or cause to be moved or adjusted all necessary Utilities within the time specified in the City's certified form except those necessary to be moved or adjusted during Construction and those which would disturb the existing street surface. The City will initiate and proceed to complete adjusting the remaining Utilities not required to be moved during Construction so as not to delay the Contractor in Construction of the Project.

(d) **Permitting of Private Utilities.** The City shall certify to the Secretary all privately owned Utilities occupying public Right of Way required for the Construction of the Project are permitted at the location by franchise, ordinance, agreement or permit and the instrument shall include a statement as to which party will bear the cost of future adjustments or relocations required as a result of street or highway improvements.

(e) **Indemnification.** To the extent permitted by law, the City will indemnify, hold harmless, and save the Secretary and the Contractor for damages incurred by the Secretary and Contractor because identified Utilities have not been moved or adjusted timely or accurately.

(f) Cost of Relocation. Except as provided by state and federal laws, the expense of the removal or adjustment of the Utilities located on public Right of Way shall be borne by the owners. The expense of the removal or adjustment of privately owned Utilities located on private Right of Way or easements shall be borne by the City except as provided by state and federal laws.

The City will also investigate all Hazardous Waste discovered during Construction and shall take appropriate action to cleanup and remediate Hazardous Waste. The standards to establish cleanup and remediation of Hazardous Waste include, but are not limited to, federal programs administered by the Environmental Protection Agency, State of Kansas environmental laws and regulations, and City and County standards where the Hazardous Waste is located.

(b) Responsibility for Hazardous Waste Remediation Costs. The City shall be responsible for all damages, fines or penalties, expenses, fees, claims and costs incurred from remediation and cleanup of any Hazardous Waste within the Project Limits which is discovered prior to Letting or during Construction.

(c) Hazardous Waste Indemnification. The City shall hold harmless, defend, and indemnify the Secretary, the Secretary's agents and employees from all claims, including contract claims and associated expenses, and from all fines, penalties, fees or costs imposed under state or federal laws arising out of or related to any act of omission by the City in undertaking cleanup or remediation for any Hazardous Waste.

(d) No Waiver. By signing this Agreement the City has not repudiated, abandoned, surrendered, waived or forfeited its right to bring any action, seek indemnification or seek any other form of recovery or remedy against any third party responsible for any Hazardous Waste on any Right of Way within the Project Limits. The City reserves the right to bring any action against any third party for any Hazardous Waste on any Right of Way within the Project Limits.

14. **Inspections.** The City is responsible to provide Construction Engineering for the Project in accordance with the rules and guidelines developed for the current KDOT approved construction engineering program and in accordance with the current edition of the KDOT Standard Specifications for State Road and Bridge Construction with Special Provisions and any necessary Project Special Provisions. The detailed inspection is to be performed by the City or the Consultant. The Secretary does not undertake for the benefit of the City, the Contractor, the Consultant or any third party the duty to perform the day-to-day detailed inspection of the Project, or to catch the Contractor's errors, omissions, or deviations from the final Design Plans. The City will require at a minimum all City personnel and all Consultant personnel performing Construction Engineering comply with the high visibility apparel requirements of the KDOT Safety Manual, Chapter 4, Section 8 Fluorescent Vests. The agreement for inspection services between the Secretary and the City and/or the Consultant must contain this requirement as a minimum. The City may require additional clothing requirements for adequate visibility of personnel.

(a) **Temporary Traffic Control.** The City shall provide a temporary traffic control plan within the Design Plans, which includes the City's plan for handling multi-modal traffic during Construction, including detour routes and road closings, if necessary, and installation of alternate or temporary pedestrian accessible paths to pedestrian facilities in the public Right of Way within the Project Limits. The City's temporary traffic control plan must be in conformity with the latest version of the Manual on Uniform Traffic Control Devices (MUTCD), as adopted by the Secretary, and be in compliance with the American Disabilities Act of 1990 (ADA) and its implementing regulations at 28 C.F.R. Part 35, and FHWA rules, regulations, and guidance pertaining to the same. The City shall adopt and enforce rules and regulations governing traffic movements as may be deemed necessary or desirable by the Secretary and the FHWA.

16. **Access Control.** The City will maintain the control of access rights and prohibit the construction or use of any entrances or access points along the Project within the City other than those shown on the final Design Plans, unless prior approval is obtained from the Secretary and the FHWA.

17. **Maintenance of the Project.** When the Project is completed and final acceptance is issued the City will, at its own cost and expense, maintain the Project and will make ample provision each year for such maintenance. Maintenance shall include, but not limited to, replacing damaged signs and posts, pavement markings, lighting and traffic signal equipment, repairing damaged pavement, curb and sidewalk, and operating lighting and traffic signal installations. If notified by the State Transportation Engineer of any unsatisfactory maintenance condition, the City will begin the necessary repairs within thirty (30) days and will prosecute the work continuously until it is satisfactorily completed. The City agrees the Secretary shall have no responsibility for any expenses for costs incurred with the maintenance or operation of the Project by the City.

18. **Qualified Traffic Engineering Unit.** The City will establish and maintain a qualified traffic engineering unit or provide other means for the proper maintenance and operation of the Project when completed. Failure by the City to fulfill this responsibility will disqualify the City from future federal aid participation on projects for which the City would have maintenance responsibility.

19. **Accident Data.** The City will provide data to the Secretary in evaluating the effectiveness of the Project with respect to safety. The City shall provide the Secretary with three (3) years of accident data prior to the Construction of the Project and three (3) years of accident data after Project completion. Further, the City agrees to be responsible for one hundred percent (100%) of the total actual costs of the City’s Preliminary Engineering, all Right of Way, and all Utility adjustments for the Project. The City shall also pay for any Non-Participating Costs incurred for the Project along with the associated Non-Participating Construction Engineering costs. The City shall not be responsible for any of KDOT’s total actual costs of Preliminary Engineering.

21. **Remittance of Estimated Share.** The City shall deposit with the Secretary its estimated share of the total Project expenses based upon estimated approved contract quantities. The City will remit its estimated share by the date indicated on the resolution form Authorization to Award Contract, Commitment of City Funds received by the City from the Secretary. The date indicated for the City to deposit its estimated share of the total Project expenses is thirty (30) days after the Letting date.

22. **Payment of Final Billing.** If any payment is due to the Secretary, such payment shall be made within thirty (30) days after receipt of a complete and final billing from the Secretary’s Chief of Fiscal Services.

Upon request by the Secretary and in order to enable the Secretary to report all costs of the Project to the legislature, the City shall provide the Secretary an accounting of all actual Non-Participating Costs which are paid directly by the City to any party outside of the Secretary and all costs incurred by the City not to be reimbursed by the Secretary for Preliminary Engineering, Right of Way, Utility adjustments, Construction, and Construction Engineering work phases, or any other major expense associated with the Project.

24. **Cancellation by City.** If the City cancels the Project, it will reimburse the Secretary for any costs incurred by the Secretary prior to the cancellation of the Project. The City agrees to reimburse the Secretary within thirty (30) days after receipt by the City of the Secretary’s statement of the cost incurred by the Secretary prior to the cancellation of the Project.
