THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF LAWRENCE, KANSAS:

Section 1. Findings of Advisability. The governing body hereby finds and finally determines that:

- (a) It is advisable to make the following improvements:
 - (1) the construction of Queens Road from 6th Street to Eisenhower Drive, including street, curb and gutter, sidewalks, bike lanes, shared use path, storm sewer, water main, sanitary sewer relocation, and roundabout (the "Street Improvements"), and
 - (2) the installation of a traffic signal at 6th Street and Queens Road, including signals, poles and mast arms, controller, emergency vehicle detection system, video detection, sidewalks, handicap ramps, pedestrian crossing, curb and gutter, and pavement marking (the "Signal Improvements;" collectively with the Street Improvements, the "Improvements"),

and any necessary and appurtenant improvements, all in accordance with City standards and specifications prepared or approved by the City Engineer.

- (b) The estimated or probable cost of the proposed Improvements:
 - (1) For the Street Improvements, \$4,830,760 (to be increased at the pro rata rate of 1 percent per month from and after the adoption of this resolution), plus costs of issuance and plus costs of interest on any temporary financing.
 - (2) For the Signal Improvements, \$450,000 (to be increased at the pro rata rate of 1 percent per month from and after the adoption of this resolution), plus costs of issuance and plus costs of interest on any temporary financing.
- (c) The extent of the improvement districts to be assessed for the cost of the Improvements:
 - (1) For the Street Improvements, see *Exhibit A-1* for a map showing the boundaries of the district and *Exhibit A-2* for a legal description of the

properties to be included in the boundaries of the district (the "Street Improvement District"); and

- (2) For the Signal Improvements, see *Exhibit B-1* for a map showing the boundaries of the district and *Exhibit B-2* for a legal description of the properties to be included in the boundaries of the district (the "Signal Improvement District").

(d) The method of assessment:

- (1) For the Street Improvements, equally per square foot within the Street Improvement District; and
- (2) For the Signal Improvements, equally per square foot within the Signal Improvement District.

(e) The apportionment of the cost of the Improvements between the Improvement District and the City-at-large:

- (1) For the Street Improvements, the City-at-large will pay the first \$290,000 of the Street Improvement costs, plus all costs allocable to an additional 10 feet in width to Queens Road for the construction of a bike lane and an additional 5 feet in width to the sidewalk to be constructed along Queens Road for the construction of a shared use path. Such costs allocable to the bike lane and shared use path to be paid by the City are estimated to be \$348,250. Thus, the total estimated City-at-large contribution to the Street Improvement costs is approximately \$638,250. 100% of the balance of the Street Improvement costs, or approximately \$4,192,510 will be assessed against the Street Improvement District.
- (2) For the Signal Improvements, 100% to be assessed against the Signal Improvement District and 0% to be paid by the City-at-large.

Section 2. Authorization of Improvements. The Improvements are hereby authorized and ordered to be made in accordance with the findings of the governing body as set forth in *Section 1* of this Resolution. The Street Improvements shall not be commenced if, within twenty (20) days after publication of this Resolution, written protests signed by both fifty-one per cent (51%) or more of the resident owners of record of property within the Street Improvement District *and* the owners of record of more than half of the total area of the Street Improvement District are filed with the City Clerk. The Signal Improvements shall not be commenced if, within twenty (20) days after publication of this Resolution, written protests signed by both fifty-one per cent (51%) or more of the resident owners of record of property within the Signal Improvement District *and* the owners of record of more than half of the total area of the Signal Improvement District are filed with the City Clerk. The City Clerk shall report to the governing body at the end of said protest period as to whether or not any such protest petitions have been filed.

Section 3. Bond Authority; Reimbursement. The Act provides for the costs of the Improvements, interest on interim financing and associated financing costs to be paid by the issuance of general obligation bonds or special obligation bonds of the City (the "Bonds"). The Bonds may be issued to reimburse expenditures made on or after the date which is 60 days before the date of this Resolution, pursuant to Treasury Regulation 1.150-2.

Section 4. Effective Date. This Resolution shall be published one time in the official City newspaper, and shall also be filed of record in the office of the Register of Deeds of Douglas County, Kansas, and shall be effective upon publication.
