- Customer has confirmed that the subfloor consists of no less than 4.75 inches of concrete. (Synrgy Outdoor BlueSky requires a minimum 4.5 inches of concrete **Customer Initial** _____)
- Customer has obtained any and all consents to the drilling of holes in the flooring and subflooring. **Customer Initial** _____

If your order includes any of the equipment requiring bolting to the floor, initials are required above and an additional signed waiver will be required to place the order. Additional products may require bolting to the floor, wall or ceiling. Bolting is not included on these products unless otherwise noted on the quotation. Customer is responsible for bolting these products to meet the manufacturer's requirements. This includes TRX, Core Energy, Boxing mounts and other products that require bolting to the facility structure.

Wall & Ceiling Attached Items: The installation of any items such as TRX Multi Mounts., X Mounts, Wall Mat Racks, etc. that require bolting to walls or ceilings are not included in the proposal unless otherwise noted.

Flooring Installation: Refer to the product specifications to ensure that the sub floor meets the material installation requirements. Freight offloading, inside delivery, adhesive, moisture tests, moisture reducers, base boards, sub floor prep, sub floor cleaning, transition strips and existing floor removal and disposal are not included unless otherwise noted on the quotation.

Storage: We reserve the right to assess storage fees not to exceed 1.5% per month, or fraction thereof and request payment in full on the related customer's invoice, when a customer's original requested delivery date is delayed by circumstances beyond our control.

Taxes: We collect sales or use taxes only in jurisdictions where we are licensed to do so. Customer agrees to accept sole liability and responsibility to pay for any and all uncollected sales or use tax liabilities, related penalties and interest that arise as a result of the purchase of products and/or services from our company.
