

LAWRENCE BICYCLE BOULEVARDS

Project Open House

On **May 15 or May 16**, come see the final conceptual design developed for the 21st Street and 13th Street Bicycle Boulevards. The designs have evolved based on safety considerations, best practices, and public input. The design will be presented and project staff will be available for questions.

Transportation Commission will receive this design for review and discussion at the June 3rd, 2019 meeting.

The two open houses will cover the same content, where project staff will be sharing final designs for **both corridors** planned for bicycle boulevards.

Bicycle Boulevards are streets with low motorized traffic volumes and speeds, designated and designed to offer low-stress bicycle travel for all ages, safe crossings for pedestrians, placemaking opportunities, as well as allow for motor vehicle travel at low speeds.

TWO DATES!

WED, MAY 15

City Hall
City Commission Room
6 E. 6th St
5:30 - 7:30 pm

THURS, MAY 16

East Lawrence
Recreation Center
1245 E. 15th St
4:00 - 6:00 pm
