RE: Comments on Reporting Requirements for Opportunity Zones

The City of Lawrence, Kansas wishes to comment on reporting requirements for Opportunity Zones as follows:

1. Cities should receive notice of projects utilizing Opportunity Zone funding within its boundaries.
2. Opportunity Zone projects should be required to submit the following data in appropriate intervals to ensure overall quality investment within Opportunity Zones.
  - living wage jobs created, including number of jobs and average wage levels by category;
  - number of dedicated affordable housing units created or preserved (affordable for 60% area median income or less);
  - investments in minority/disadvantaged/ women-owned businesses.
